

Round Suspended Pendant

Description

The Round Suspended Pendant Light is sleek and modern to brighten any space. These cord pendants are perfect for kitchen islands, bars, and offices. With a simple design, the Round Suspended Pendant is an eco-friendly option that uses LED technology. The hanging fixture is sure to add a touch of style to any room. These beautiful fixtures come in 2 different colors, black and white. Each one features a long linen cord with a nickel-plated metal that allows it to be hung anywhere in your business space or home. You can use round fixtures as ambient lighting or task lighting around your workspace. In addition, the pendant is customizable and available in three different color temperatures, so you can change the color temperature to match your mood or location.

Input Voltage:	100-277 VAC
Total watts:	65W
Average Lifetime:	50,000 Hours

Types of Installation

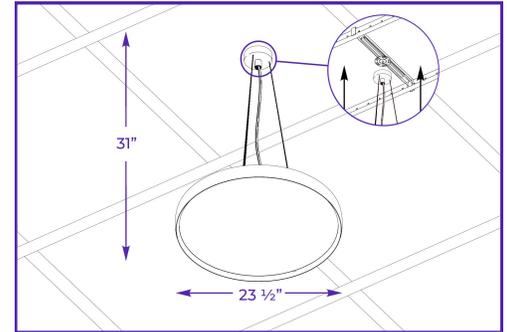

J-BOX mount

Is a standard installation type for the Quattro fixture. Each canopy set includes all the necessary hardware for j-box installation. The maximum length of the aircraft and power cables is 15 feet. Ideally fits on 3.5" and 4" octagon/square j-box.

T-Clip (for drop ceiling)

Is an optional hardware bracket for suspended ceilings that allows Quattro fixture suspension directly on the T-grid. T-clip fits on a 15/16" grid, and it comes as a set of two brackets per fixture.

T-Support (for drop ceiling)

Is an optional hardware bar for suspended ceilings installations that allows Quattro fixture suspension through the panels and between the T-grids. It is fully adjustable for symmetric/asymmetric fixture positioning.
